List any health problems coaches need to be aware of:

I understand that there are risks of serious injury inherent in participation in school sports, and I have discussed this with the student athlete, and we are both aware of the risk of injury. I understand that the school district will take every reasonable precaution to avoid the incidence of accidents, and is therefore not responsible for the accidents that occur as part of athletic participation.

Extracurricular Code

*All students must be in good standing (all fees paid, birth certificate and current physical on file in the school office) to participate in extracurricular activities. Students must abide with all IESA eligibility requirements and meet academic standards. Students must also meet attendance and behavior standards. All standards are outlined in the Student/Parent Handbook. Parent permission form and waiver of insurance must be signed and on file in the office. Both parents and students must sign the IESA Sportsmanship Agreement. **We understand that there is an activity fee for each sport/activity even if the student does not complete the sport/activity.***

We hereby certify that the above student is covered by insurance. We have all read the extracurricular code and standards in the handbook and we fully understand and support any penalties which may be enacted. We understand that any practice jerseys, uniforms or warm ups are school property and must be returned at the end of the season or we will be responsible for payment of those items. We further understand that if these items (any uniform that was issued) are not returned or paid for, we will not receive a new uniform the next sport we participate in.
